Buy 4th Edition of Let's Get Started with Python - With Access (9780134444321) by Tony Gaddis for up to 90% off % on Textbooks.com. ua What is Python? Is it a programming language? No, it's Wednesday. Python is a programming language. The programming environment assumes that the user has programming experience - either practical experience or theoretical knowledge about how this experience can be applied. In Python, everything is done with the help of special tools - interpreters. In Python, an interpreter is a computer that can interpret (i.e., translate into a language the computer can understand) the code you write in Python.
